I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nySTART is official and that the district and its school must meet all federal and State requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school's current performance in relation to the tenets.

Superintendent's Signature _____ Date _____

For New York City schools, the Community School District Superintendent must sign the self-assessment.

A Message to School/District Leaders:

The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation cogent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-quality seats to all students in our state.

Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess its current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district's Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district's website by Friday, November 22, 2013, as well as kept on file at both the school and the district offices.

Completing This Form

- ✓ Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (<http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html>) contains helpful information about the rubric.
- ✓ In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
 - Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
 - Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
 - Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).
- ✓ Be concise and clear when describing the evidence that supports your ratings.
- ✓ Provide information in the plan that addresses the "who, what, when, and why" of the strategies chosen to meet the needs of the school.
- ✓ **Please Note:** The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.
- ✓ Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to accountinfo@mail.nysed.gov.

Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school's identification or be part of a whole school transformation or turnaround strategy.

Tenet 2 - School Leader Practices and Decisions: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students via systems of continuous and sustainable school improvement.							
Rating	Statement of Practice 2.2: Leaders ensure an articulated vision, understood and shared across the community, with a shared sense of urgency about achieving school-wide goals aligned with the vision as outlined in the School Comprehensive Educational Plan (SCEP).						
<input type="checkbox"/>	Highly Effective	a) The school community shares and promotes a distinctive and robust vision for student achievement and well-being based on data and holds itself accountable for working as a community to realize this vision as outlined in its SCEP and other school improvement documents. b) The vision is created and enthusiastically supported by staff, families and students such that it is uniformly seen, heard and known across the community. c) The school community develops and works toward specific, measurable, ambitious, results oriented and timely goals that reflect urgent priorities and ensure the realization of the vision.					
<input type="checkbox"/>	Effective	a) The school community shares a vision concerning student achievement and well-being and for how they want to work as a community to realize this vision as outlined in the SCEP and other school improvement documents and data. b) The vision is created by a select group of staff and families and is supported by the school community such that it is uniformly seen, heard and known across the community. c) The school community develops and works toward specific, measurable, ambitious, results oriented and timely goals that reflect priorities that are aligned with the vision.					
<input type="checkbox"/>	Developing	a) The school community has a vision for student achievement and well-being and is in the process of developing shared ownership and ways to incorporate findings from the school's data. b) The vision created is gaining more support with the staff, families and students across the community. c) The school community is developing and working toward specific, measurable, ambitious, results oriented and timely goals; these goals are not priorities aligned to the vision.					
x	Ineffective	a) The school community has a vision, but it is misaligned to student achievement and well-being based on the school's data. b) The vision is unknown, not commonly understood and/or has not been shared with the staff, families and students across the community. c) The school community does not develop and work toward goals, or, if the community is working toward goals, they are not specific, measurable, ambitious, results oriented and timely.

Rating	Statement of Practice 3.3: Teachers ensure that unit and lesson plans that are appropriately aligned to the CCLS coherent curriculum introduce complex materials that stimulate higher-order thinking and build deep conceptual understanding and knowledge around specific content.								
<input type="checkbox"/>	Highly Effective	a) Teachers are supported so that their instructional expertise is developed and nurtured during regularly scheduled grade-level meetings, which are guided by targeted agendas based on student and school data to ensure that all unit plans across their grade/subject are appropriately aligned to the CCLS coherent curriculum and meet students' needs. b) Teachers use pacing calendars and unit plans across all grades, content areas and classes that expose students to a progression of sequenced and scaffolded complex materials appropriately aligned to the CCLS that meet the learning needs of pertinent groups of students (i.e., special education and English language learners) so that they are able to achieve at high consistent rates. c) Teachers use CCLS appropriately aligned lesson plans that promote higher-order thinking skills in all groups of students and develop analytical, evaluative and reflective skills across content areas by providing supports and extensions necessary for student achievement.							
<input type="checkbox"/>	Effective	a) Teachers formally participate in grade-level or other meetings to collaboratively create and examine coherent CCLS-appropriately aligned curriculum unit plans across their grade/subject. b) Teachers use appropriately aligned CCLS pacing calendars and unit plans across all grades, content areas and classes that expose students to a progression of sequenced complex materials. c) Teachers use CCLS-appropriately aligned lesson plans that promote higher-order thinking skills and help students analyze information.							
x <input type="checkbox"/>	Developing	a) Teachers formally participate in grade-level or other meeting opportunities to discuss unit plans across their grade/subject areas. b) Teachers use unit plans in classes that expose students to materials aligned to their grade. c) Teachers use lesson plans that are aligned to standards and appropriate for the grade and subject.							
<input type="checkbox"/>	Ineffective	a) Teachers meet informally and/or have no systems or protocols for working on unit plans. b) Teachers use grade/subject materials that are not aligned to unit plans or pacing calendars. c) Teachers do not consistently use lesson plans to instruct students that are aligned to the standards or appropriately addresses the grade and subject.

Rating	Statement of Practice 3.5: The school leader and teachers develop a data-driven culture based on student needs, assessments and analysis, which leads to strategic action-planning that informs instruction and results in greater student achievement outcomes.							
<input type="checkbox"/>	Highly Effective	a) The school leader cultivates exemplary practices and models the collection and use of timely data (formative and summative assessments including screening, interim measures and progress monitoring) to assess school-wide effectiveness, identify student needs, and promote high levels of student learning and success. b) The school leader and teachers actively develop multiple points of assessments for students that immerse school teams in an in-depth analysis of assessment results and lead to the adaptation of instruction that is empirically/evidence based. c) The school leader and teachers collaboratively analyze collected data, leading to the development of comprehensive instructional plans for groups of students that capture current levels of student achievement, map out a clear and timely path for progress and growth, and engage students as active participants in their own learning.						
<input type="checkbox"/>	Effective	a) The school leader collects timely data (formative and summative assessments including screening, interim measures and progress monitoring) and shares it with teachers and instructional staff so they can assess school effectiveness, identify student needs, and promote high levels of student learning and success. b) The school leader and teachers use assessment tools to identify patterns of student learning that lead to the adaptation of instruction. c) The school leader and teachers analyze collected data, leading to the development of instructional plans for groups of students that capture current levels of student achievement and map out a clear and timely path for progress and growth.						
<input type="checkbox"/>	Developing	a) The school leader reviews limited data and informs teachers and instructional staff of student achievement levels. b) The school leader and teachers use summative assessments to identify patterns of student learning and inform instruction. c) The school leader and teachers' analysis of data leads to an adaptation of instructional plans based on the performance of specific students, which causes a misalignment of instruction for other students.						
<input checked="" type="checkbox"/>	Ineffective	a) The school leader does not use data as a mechanism to assess student achievement levels. b) The school leader and teachers do not utilize assessment tools as a vehicle to identify patterns of student learning. c) The school leader and teachers struggle with the use of data, which impedes their ability to inform the development of instructional plans for students.

Describe the process used to develop this plan pursuant to CR100.11.

The Port Byron Senior High school Local Assistance Plan team was developed by the district and building administrative team. The team consisted of district administrator (1), building administrator (1), content area teachers (1), guidance counselor (1), social worker (1), special education teacher and a special education school improvement specialist (SEIS). Focus groups consisted of teachers, staff, parents, students who represent a variety of areas of specialty and background.

The team met over the course of three and one half days. The timeline is as follows:

October 1, 2013: Initial meeting with building administrator, district administrator, superintendent and SEIS. Discussion involved the schedule of events, process for evidence collection, focus group participants and selection of team members.

October 10, 2013: Initial meeting with LAP team to review LAP process, LAP events, rubric, team member roles. Rubric was dissected citing each tenant and statement of practice. Tentative schedule was reviewed and specific roles, responsibilities were assigned. The team reviewed focus group questions.

October 15, 17 and 22, 2013: Three days to collect evidence in order to score rubric. The team determined participants for each focus group, which team members would lead specific focus groups, and also developed a schedule of classroom visitations.

The events are as follows:

October 15, 2013, Day 1:

Classroom Visits: Five team members visited a total of 26 classrooms. Classrooms visited include all content and special areas.

Large student focus group: The large student focus group consisted of 12 students in grades 9-12 who represented all subgroups. Students were asked questions regarding their perception of the school as a community and the school-wide expectations for their work.

Small student focus group: The small student focus group consisted of 5 students. These students were required to bring with them to the focus group samples of school work completed this year. The students were asked questions based on the work that appears in their portfolio.

Parent focus group: Five parents of students participated in the parent focus group. The purpose of this group was to determine families' perception of how they are received, included and encouraged to partner with the school community.

Principal interview: The high school principal was interviewed to determine his goals and vision for the high school.

Throughout the day the team would review evidence collected and "tag" to the rubric.

October 17, 2013, Day 2:

Classroom visits continued

Student support staff interview: This interview consisted of 3 staff members (2 guidance counselors and 1 social worker) to ascertain how the school is using its student support staff to support students' social, emotional, developmental health and academic growth.

Vertical teacher focus group: Five teachers from different grade levels and subject areas participated in this focus group. The purpose of this focus group was to acquire a sense of how expectations, communications and practices are consistently recognized and distributed across the school.

Throughout the day the team would review evidence collected and "tag" to the rubric.

At the end of day 2, the team began the process of reviewing each tenet and statement of practice to determine if a fair score could be determined based on evidence collection. The team felt that there was enough evidence to move forward with scoring the rubric and developing action plans.

October 22, 2013, Day 3: The team, as a while, dissected and scored each statement of practice. From there, an action plan was developed for each.

October 22, 2013: the building administrator, district administrator, and SEIS met with the superintendent and presented the completed LAP report to him.

October 31, 2013: The building administrator and SEIS meet to finalize report to prepare for presentation to B.O.E.

November 20, 2013: Presented to BOE

Provide any additional information that is relevant to the Local Assistance Plan but is not addressed in the tenets and/or SOPs.

- The general feeling of the team was that the Free and Reduced Lunch Program is being underutilized. The building leader will seek additional information regarding the accuracy of the percentage of students who are eligible for free and reduced lunch. The building principal will also explore the possibility of a breakfast program.
- The building leader recognizes that there are outside demands or restrictions that limit the implementation of suggested action plans. These include fiscal concerns, contractual agreements, and lack of support by stakeholders.
- The LAP review team plans to meet monthly for the purpose of progress monitoring the implementation of the action plans developed for the LAP.
